Project Title: Muhammad Ali Website

I'd like to build this site as multiple pages, rather than a long, single page website. Typical site navigation probably across the top. I think there is plenty of content and photography to build out individual pages.

- **Home Page/Introduction** – Introduce basic point I want to get across about Muhammad Ali's life and legacy. Set the tone for his social activism and impact.
- **Early life and amateur career**
- **Professional boxing career**
- **Social activism**
- **Legacy**
- **Sources** – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
